To All Interested Parties:

The Air Resources Board (ARB or Board) staff invites you to participate in the second public workshop to discuss a control measure to reduce fluorinated gas (FG) emissions from the semiconductor and related devices industry. This measure is being developed as a discrete early action measure pursuant to the California Global Warming Solutions Act of 2006 (AB 32).

The purpose of this workshop is to discuss the measure's applicability, some preliminary draft definitions, and preliminary survey results. The workshop will be held at the following time and location:

Date:	Wednesday, April 23, 2008
Time:	1:30 p.m. to 4:30 p.m.
Location:	Sierra Hearing Room
Address:	Cal/EPA Headquarters Building 1001 I Street, Second Floor Sacramento, California 95814

An agenda and staff presentation will be posted prior to the workshop at the ARB semiconductor website at:
<http://www.arb.ca.gov/cc/semiconductors/semiconductors.htm> and will be available in hard copy at the meeting.

For those unable to attend the workshop in person, a live internet webcast with audio and video will be available at www.calepa.ca.gov/broadcast. During the webcast, the online audience will have the opportunity to submit questions and comments by e-mail.

To receive electronic notifications of upcoming workshops or other events at the ARB, please subscribe to the semiconductor list serve by visiting the website at:
<http://www.arb.ca.gov/listserv/semiconductors.htm>.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
